Hair Health.

How to treat Dandruff and Falling Hair.

The average hair tonic contains too much alcohol, and an excess of alcohol removes from the hair and scalp the natural hair oil which is so essential to hair health.

Nyal's Hirsutone contains alcohol and other helpful ingredients in the right proportions. Hirsutone cleanses the scalp, aids in removing dandruff, and seems to promote hair health. Hirsutone is good for your hair—you should use it. It does not effect the color of the hair, and after the application you will find that the hair is left in a perfectly natural condition—not dry, crisp and brittle. Hirsutone is sold in 50c and \$1.00 bottles.

Persons of Note
of Interest to Oxford County People.
By C. F. WHITMAN.

JUSTICE GEO. M. HANSON.

Hon. George M. Hanson, of Calais, for many years prior to his appointment as a Justice of the Supreme Judicial Court, July, 1911, was recognized as one of the leading lawyers at the Washington County bar.

He was high in the councils of the Democratic party, and several times was the candidate for Congress, and always polled a larger vote than any other man on the ticket. He was elected mayor of the Republican city of Calais. He has long been identified with the Knights of Pythias, and at the time of his appointment to the bench was Supreme Chancellor of the order.

He is making a fine record as one of the Associate Justices of our highest court. His knowledge of judicial principles is extensive, his patience in dealing with all litigants and their attorneys is inexhaustible, his love of justice is strong and overpowering, and his purpose that all shall have a fair hearing is fixed and immovable.

The writer became greatly attached to him during the first term of the court which he held in this County, and which he strengthened with well as a good judge, and an Oxford County of the State he is deservedly a great favorite with the members of the bar.

SOUTH ALBANY.

WOMAN AVOIDS OPERATION

Medicine Which Made Surgeon's Work Unnecessary.

Astoria, N. Y. — "For two years I was feeling ill and took all kinds of tonics. I was getting worse every day. I had chills, my head would ache, I was always tired. I could not walk straight because of the pain in my back and I had pains in my stomach. I went to a doctor and he said I must go under an operation, but I did not go. I read in the paper about Lydia E. Pinkham's Vegetable Compound and told my husband about it. I said 'I know nothing will help me but I will try this.' I found myself improving from the very first bottle, and in two weeks time I was able to sit down and eat a hearty breakfast with my husband which I had not done for two years. I am now in the best of health and did not have the operation." — Mrs. JOHN A. KOENIG, 502 Flushing Avenue, Astoria, N. Y.

Every one dreads the surgeon's knife and the operating table. Sometimes nothing else will do; but many times doctors say they are necessary when they are not. Letter after letter comes to the Pinkham Laboratory, telling how operations were advised and were not performed; or, if performed, did no good, but Lydia E. Pinkham's Vegetable Compound was used and good health followed.

If you want advice write to Lydia E. Pinkham Medicine Co. (Confidential), Lynn, Mass.

Worth \$10.00 reduced to \$1.39—Some discount that. Did you ever read an "AD" which promised something like the above? Certainly you have, but did you believe it? No. If the article is really worth \$10.00 there is no necessity for selling it for \$1.39—it will bring much more—and if it is offered for \$1.39 there are good reasons why it is not worth \$10.00.

Because an article was worth \$10.00 once, it does not follow that it is worth \$10.00 today. It would be worth as much as it would sell for, no more, no less.

Ladies' hoop-skirts for instance, "worth \$1.50 at 9 cents each" would be rather absurd as, from a commercial standpoint, they are not even worth 9 cents at present—the style has passed.

Exaggeration is a modest name for misstatements of this kind—We know how absurd they are—you know it too—We never make them. In all of our advertising we stick to Plain Facts. Whether the values quoted are large or small, they are true—ALWAYS. If styles have passed an article by, the value has decreased and we had such articles to advertise we would make this point plain—Always.

Chronicles of the Ladies Circle. And in the beginning was the Ladies Circle; and lo there were also men in the Circle and children; for had it not been said in the records, we will have speech one with another so that we may not be as strangers in a strange land, we will worship the God of our fathers, and beseech his favor on the work of our hands and all who will may be as one of us. And the work of the Circle prospered mightily and a new Temple was erected to the Lord of earth and Heaven. And it came to pass in the process of time as the children of earth were summoned home, new faces appeared in the Circle and their hands upheld the work of those who had preceded them; cycle followed cycle till the fullness of time made the Temple of the most High fair without stain within. Then said they of the Circle, behold, the season is ripe, and the need is great; let us now buy some land that the Elders of the church may build thereon a habitation for the High Priest of the Temple and with one accord, with cunningly devised instruments of wood and steel, they fashioned out garments of linen and wool which they took to the market place and sold for a fair price.

And some among them, out of sugar and spices, mingled with flour and other ingredients devised strange pastries, which they termed pie, cake and doughnuts, these also were given in exchange for shakels of silver, so that the land became the property of the Circle which the Elders accepted, building thereon the habitation for the High Priest of the Temple. He came from a far country with speech like unto their own; his people like unto their people; and his God was their God. He abode with them for a space and his soul was like Heavenly fame casting its radiance on the upward and upward way. Yet again the waters of the deep were parted bringing from their farther shore those of his own household, children and wife, most dear to his heart, who had after many days come again to their own.

They of the Circle looked on approvingly and the things most needed were placed within the habitation which became as home to the dear ones instructed from their youth up in the love and fear of the Lord.

And the Circle looked upon their work and were well pleased and gave thanks unto the Lord for the holy man he had sent unto them, for the Elders who devised the habitation and for the work of their own hands which had thus become thrice blessed.

It is reported that Mrs. Phebe Stacy has had the misfortune to fall and break her arm.

Quite a delegation from here attended the musical entertainment, "The New Minister," given by the young people of the South Portland M. E. church, Friday night.

Florence Garner is the guest of her sister who resides in Portland, Mrs. W. M. Chellis.

The banquet given Monday evening of last week was greatly enjoyed by the Epworth League and their invited guests.

W. C. Holt of Hanover was in town recently selling advertising calendars.

FOR RHEUMATISM

As soon as an attack of Rheumatism begins apply Sloan's Liniment. Don't waste time and suffer unnecessary agony. A few drops of Sloan's Liniment on the affected parts is all you need. The pain goes at once.

A grateful sufferer writes:—"I was suffering for three weeks with Chronic Rheumatism and Stiff Neck, although I tried many medicines, they failed. Fortunately I heard of Sloan's Liniment and after using it three or four days am well and well. I am now enjoying the big department store in S. F. where they employ from six to eight hundred hands, and they surely will hear all about Sloan's Liniment.—H. B. Smith, San Francisco, Cal.—Jan. 1915. 25c. at all Druggists.

SOUTH RUMFORD.

Eliza Fuller, who had been in poor health the last few months, passed away Wednesday morning, January 19th, aged 82 years. He leaves a wife, a brother, Virgil Fuller, two nieces, Mrs. John Holman and Mrs. Will Freeman, and a nephew, Edgar Wyman. Funeral services were held at his home, Friday, P. M., conducted by Rev. Mr. Arters of the Rumford Methodist church.

WHY DO YOU SUFFER PAINFUL TWINGES?

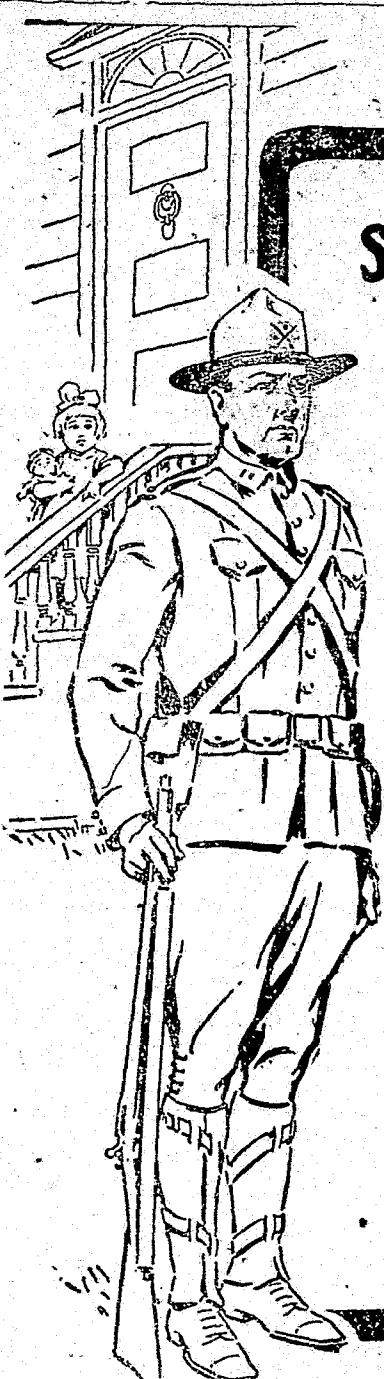

It is no longer necessary for any one to suffer with that headachy, all-run-down feeling that is often the result of kidney trouble.

It is no longer necessary for you to contend with disagreeable bladder and urinary disorders or be tortured with rheumatism, stiff or swollen joints or the heart-wrenching miseries that follow as a result of neglected or poorly working kidneys. Solvax quickly and surely relieves all such troubles.

Solvax is a wonderful discovery that has always been so uniformly successful that every package is sold under a positive guarantee to refund the money if it does not relieve the worst case of kidney disorder.

"Your money back if you want it," is the way Frank Kimball, the popular druggist is selling this great kidney remedy. A guarantee like that speaks eloquently for the merit of Solvax.

Do not suffer another minute. Solvax will relieve you. If it doesn't, tell the druggist. Back that you want your money back and they will cheerfully refund it.

CENTER LOVELL

Mrs. Stephen F. Kimball.

Hattie Maria Kimball died of tuberculosis at her home at Lovell Center, Friday, January 21, at 8:10 a. m., aged 69 years, 4 months and 28 days.

She was born in Albany, August 24, 1856, the daughter of Lucinda (Proctor) and Herbert Marston. She attended school at North Waterford. Her mother died in 1887 and she went to live with her grandfather, John Proctor at North Waterford, where she lived until her marriage. She was a member of Mt. Hope Rebekeah Lodge, No. 58.

She married Stephen F. Kimball, November 18, 1877, at Lovell by Elder Foster of Lovell. They have one daughter, Mrs. Albert F. Dill of Albany. She is survived by her husband, four daughters, and grandchildren, Eleanor, Harlow, Harman and Stephen John Dill.

The funeral was at the late residence in charge of Evergreen Rebekeah Lodge. The Rev. C. H. Fisher was the attending clergyman. Mrs. Kate Saunders said "Lead Kindly Light" and "Beckoning Hands." The bearers were George Eastman, Josiah Fox, Caleb Cushman and Clinton Milliken. Burial at No. 4 cemetery.

LOVELL.

Stillman Barker has finished his logging job for F. E. Emery and he and his crew are working for David Bell.

J. B. Kimball died at his home, Monday, January 24, after a long illness. Mr. Kimball was a good, kind hearted man, a good citizen and a man who will be missed by a large circle of friends. He leaves a wife and one son.

F. E. Emery has purchased a new horse.

Walker Nason, who runs the bolter at N. T. Fox's mill, had the misfortune to cut his thumb quite badly.

Since the thaw of last week, the streets are well coated with ice. Quite a few falls have been reported, none being very serious.

There is quite a number of sick people in town. The doctors seem to find plenty to do.

Daniel McAllister is quite sick. He has a bad attack of the gripe, but is doing nicely at this writing.

The many friends of Cyrus R. Chapman are pleased to learn that he is getting on as well as could be expected after his recent illness.

No 4.

John B. Kimball, Sr., is critically ill. F. Earle Keniston is home from his work on Eastman Hill, sick with gripe. Little Frank Keniston is better of his illness.

Al Bailey and son, Jim, are boarding at Perley Severance's and working for B. Russell; also Bert Dill, who was called home by the death of his wife's mother, Mrs. Stephen Kimball.

Stephen Manson, who has been very sick is gaining slowly; also Dorothy and Willis Manson are improving now.

Elma Andrews is sick with gripe and his daughter Venona is just getting better of it. Irving Stanley's family are also having the gripe. Little Dorothy has been quite ill, in fact hardly any family has escaped sickness in some form and in most cases, whole families have been stricken with it.

Cumberland and Oxford Union Pomona meets with Suncook Grange on February 3, and the new State Master, W. J. Thompson of South China will be present. It is hoped there will be a large attendance.

Monday morning as the school team got to J. E. Thompson's paint shop, a small deer came into the road. They stopped and men came out of the shop and could almost go up to it. When the team started it followed them up to the Keniston's and then kept on up the road past Elmer Andrews and into the woods beyond. It was a young one.

NORTH PARIS

Mr. and Mrs. Chas. Edwards of South Paris visited at Alpheus Andrews' one day last week.

Paul Sawyer is stopping at C. A. Churchill's.

Several from this vicinity attended Grange at West Sumner, January 19.

Lois Hollis was home for the week-end. Mr. Lowe of Marry, N. H., and Chas. Johnson of Paris were in the place in the interest of the Essex Fertilizer Company.

About thirty of the friends of Lorenzo Littlehale gave him a surprise party on his twenty-first birthday. A very pleasant evening was spent with games and music. A treat of candy and salted peanuts was served by his sisters. He was presented a pair of fur lined gloves.

Etta Hollis is spending the week with her parents.

Sloan's Liniment

Read this unsolicited grateful testimony—

Not long ago my left knee became lame and sore. It pained me many restless nights. So serious did it become that I was forced to consider giving up my work when I chanced to drink of Sloan's Liniment. Let me say less than one bottle fixed me up. Chas. C. Campbell, Florence, Tex.

NEW ENGLAND ANIMAL FERTILIZERS

FACTS Animal matter is the most natural, the most lasting and the best of all fertilizers. Organic animal fertilizers, consisting of BONE, BLOOD, MEAT and high-grade chemicals are the nearest approach to this best of plant foods found in farmyard manure.

New England Animal Fertilizers feed the soil in a natural way, returning its fertility and keeping it rich and productive. They furnish the right food that makes the right kind of crops. An increase in high-grade animal matter and chemicals has taken the place of potash this year at no increase in price. This is due to the war, but scientific experiments have proven that crops in 1915 with animal fertilizers did not suffer from the lack of potash.

Your samples without potash were received into this Spring and I had planted my corn, but I used your no-potash fertilizer and the yield was 16% more than a plot of the same size under the same conditions with 40 pounds of potash fertilizer. The sample containing 25 pounds of available phosphoric acid gave 150% more yield than on the land I planted without fertilizer. On field corn I had a most satisfactory yield from using your fertilizer containing 3% ammonia and 10% available phosphoric acid.

My strong opinion is that all these grades you sent me will prove satisfactory without any doubt for potash two or three seasons. (Signed) CHAS. H. RICH, Hadley, Conn.
